

THIS IS THE SAFETY AREA

The diagram illustrates a page layout with four distinct regions. At the center is the 'ACTIVE AREA' (light blue). Surrounding it is the 'BLEED AREA' (light pink), which is further enclosed by the 'TRIM AREA (PAPER SIZE)' (light grey). The outermost boundary is the 'SAFETY AREA' (light green). Four registration marks are positioned at the corners of the page. Three arrows originate from the right side of the text labels: a pink arrow points to the safety area, a black arrow points to the trim area, and a green arrow points to the bleed area.
